You must continue to pay your Medicare Part B premium. Limitations, co-pays, and restrictions may apply. Benefits, premiums, co-pays, and/or co-insurance may change on January 1 of each year. This information is not a complete description of benefits. Contact the plan for more information. Other pharmacies and providers are available in our network. Out-of-network/non-contracted providers are under no obligation to treat Plan members, except in emergency situations. For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call our customer service number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services. The formulary, pharmacy network, and provider network may change at any time. Members will receive notice when necessary. PacificSource Medicare's pharmacy network offers limited access to pharmacies with preferred cost sharing in Oregon. The lower costs advertised in our plan materials for these pharmacies may not be available at the pharmacy you use.
