Why choose PacificSource Medicare?

✓ Real people, not phone trees

✓ Giving back to our communities

PacificSource is proud to support local charities and other organizations—financially and through volunteer efforts. One example: The PacificSource Foundation for Health Improvement provides resources and funds for the health and welfare of underserved and vulnerable populations, with an emphasis on children and youth.

Getting the Care You Need

Telehealth: Phone- or video-based healthcare

Telehealth services are a way you can receive healthcare “virtually”—via phone or video consultation, and your cost is the same as a regular doctor visit.

Many in-network healthcare providers, such as primary care doctors, specialists, and mental health professionals, offer these in-depth phone or video appointments. Availability varies by provider and region, and some limitations apply.

24-Hour NurseLine: Advice when you need it

Sometimes you just need to talk with a healthcare professional about an issue. Determining whether or not urgent care is needed can be difficult, especially in those after-hours moments.

If you find yourself, or someone you care about, in a non-life-threatening medical situation, and you want professional advice, you can call our 24-Hour NurseLine. This service is included at no extra cost with PacificSource Medicare plans.

Broad Network of Providers

Plus, worldwide coverage for urgent care, emergency care, and ambulance.

We partner with doctors, medical centers, and hospitals to ensure our members get the best care possible. With a PacificSource Medicare plan, you can choose from a network of doctors who accept Medicare in your area.

In addition to the facilities listed below, our plans let you access in-network providers in each of our four states: **Oregon, Washington, Idaho, and Montana.** In case of emergency, any hospital will be covered as in-network.
