We answer to you.**

PacificSource Medicare really is different. It's not just that we offer competitive plans with great features and benefits. It's our personal service and commitment to your health and satisfaction that set us apart.

We're a not-for-profit community health plan, with a duty to members, healthcare providers, and brokers.

Local human service, not automated phone trees or offshore call centers. Friendly, local people are here to assist you by phone, or in live one-on-one chat.

No referrals required. Some specialists may require them, but our plans won't make you see a primary care doctor for a referral.

Support beyond healthcare. When members struggle with challenges, our Member Support Specialists get involved, enlisting local resources and finding ways to help.
