Enrolling in PacificSource Medicare

Medicare has 3 main enrollment periods during which you can enroll in or change Medicare Advantage plans:

When You Become Eligible for Medicare

Your initial enrollment period lasts seven months: the three months before your 65th birthday, the month of your 65th birthday, and the three months following your 65th birthday.*

During the Annual Enrollment Period

(October 15 – December 7) Every year at this time, you can also change plans or add or drop Part D prescription drug coverage.

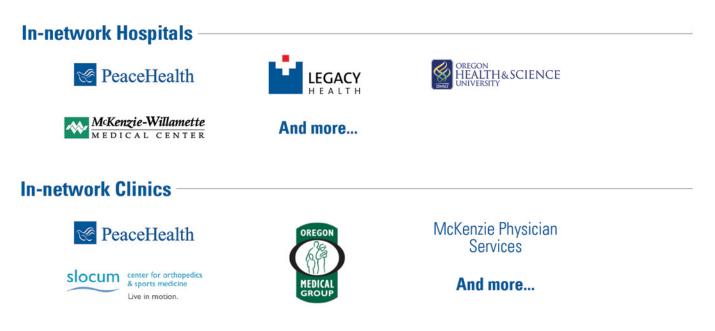

(January 1 – March 31) If you are already enrolled in a Medicare Advantage plan, you can change your plan or Part D prescription drug coverage during this time.

Special Enrollment Period: There are many other circumstances for which you could be eligible to enroll, outside these three periods. Call us for details.

*If you're eligible to enroll before age 65 based on disability or other criteria, you also have a seven-month initial enrollment period.

Getting the Care You Need

We partner with doctors, medical centers, and hospitals to ensure our members get the best care possible. With a PacificSource Medicare plan, you can choose from a network of doctors who accept Medicare in your area. **Find providers in your area:** www.Medicare.PacificSource.com/Search/Provider

Plus, worldwide coverage for urgent care, emergency care, and ambulance. In case of emergency, you can go to the hospital nearest to you for care.
