Why PacificSource?

We go beyond what's required to put members first.

Here's the thing: All health plans do what's required by law, and any Medicare Advantage plan will give you more coverage than Medicare alone. But as a not-for-profit since 1933, PacificSource goes above and beyond all of that.

With PacificSource Medicare, you can expect:

A plan that works closely with local providers to deliver the best possible care, experience, and cost. Together, we help make your healthcare easier and more effective.

Quality, affordable coverage, including \$0 copay preventive care, plus vision, hearing aids, and dental options.

Real, local people ready to help when you call— no automated phone trees or offshore call centers.

A broad network of highly rated doctors, hospitals, and specialists, with no referrals required.

No-cost programs that support your well-being, such as an extensive fitness program, over-the-counter drug reimbursement, and post-hospital meal delivery.

Support beyond healthcare

We go beyond what's required to support your health needs. If you're struggling with everyday challenges, such as food insecurity, housing, or transportation, our Member Support Specialists partner with providers and the community to find ways to help.

Giving back to our communities

PacificSource is right here in the community where we live and work. We offer support through financial aid and access to healthcare for diverse populations and those most in need.

Partnering for your best health, experience, and cost

With PacificSource Medicare, your provider network is more than a list of approved doctors. It's a unique, local partnership with a shared commitment to serve your individual healthcare needs.

How we work together for you:

- Improved coordination of care helps you prevent and manage chronic conditions
- Focus on high-value, effective treatments
- Use of data and technology to support high-quality, personalized care
