This directory is current as of **08/13/2015**. Some in-network providers may have been added or removed from our network after this directory was printed. We do not guarantee that each provider is still accepting new members. To get the most up-to-date information about PacificSource Medicare's in-network providers in your area, you can visit

Section 1 – Introduction

This directory provides a list of PacificSource Medicare's in-network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

- **Essentials (HMO) and Essentials Choice (HMO-POS) Plans:** You will have to choose one of our in-network providers who are listed in this directory to be your **Primary Care Provider (PCP)**. The term "PCP" will be used throughout this directory. Generally, you must get your health care services from your PCP.

Primary Care Providers (PCP)

A PCP is a healthcare professional who meets state requirements and is trained to give you basic medical care. They can also coordinate your care with other providers.

We have identified PCPs in this directory under the section titled *Primary Care Providers*. PCPs can be selected from the following specialties: Family Practice, General Practice, Internal Medicine, and Pediatrics. Specialists that also act as a Primary Care Provider, outside of the specialties listed above, have the word "**PCP**" listed after the provider's name. These providers can be found under the section titled *Specialists*. Primary Care Providers may include: Nurse Practitioners (NP), Physicians Assistants (PA), Medical Doctors (MD), or Doctor of Osteopathy (DO).

The "in-network providers" listed in this directory have agreed to provide you with your health care services. You may go to any of our in-network providers listed in this directory.

- **Essentials (HMO) Plans:** A prior authorization may be required for some services. Please see your Evidence of Coverage for more information. If you have been going to one in-network provider, you are not required to continue to go to that same provider.

In some cases, you may get covered services from out-of-network providers. Other providers are available in our network. If an out-of-network provider submits a bill directly to you, please do not pay the bill. The out-of-network provider should submit the bill directly to PacificSource Medicare, not Original Medicare, for processing. We will let you know if you are responsible for part of the costs, if any.

- **Essentials Choice (HMO-POS) Plans:** Members have the freedom to see in-network and out-of-network providers. A prior authorization may be required for some in-network services. Please see your Evidence of Coverage for details. Other providers are available in our network. With the exception of emergencies or urgent care, it may cost more to get care from out-of-network providers. If an out-of-network provider submits a bill directly to you, please do not pay the bill. The out-of-network provider should submit the bill directly to PacificSource Medicare, not Original Medicare, for processing. We will let you know if you are responsible for part of the costs, if any.

Emergency and Urgently Needed Care

Emergency and urgently needed care may be obtained anywhere in the world from the nearest available provider. If you have a medical emergency, please call 911 or go to the nearest emergency room, hospital, or urgent care center. You do not need to get approval or a referral from your PCP. Usually within 48 hours, you should call Customer Service to tell us about your emergency. We will talk with the doctors who are giving you emergency care to help manage and follow up on your care. After the emergency is over you are entitled to follow-up care to be sure your condition continues to be stable. Your follow-up care will be covered by your plan.

- **Essentials (HMO) Plans:** Members must use in-network providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers neither Medicare nor PacificSource Medicare will be responsible for the costs.
- **Essentials Choice (HMO-POS) Plans:** Members have the freedom to see in-network and out-of-network providers. With the exception of emergencies or urgent care, it may cost more to get care from out-of-network providers.

For more information regarding Emergent and Urgent Care, please refer to your Evidence of Coverage or contact our Customer Service department.
